

We'd like to hear from you...

The Homeless Youth Initiative is always looking for volunteers to provide resource material to young people living in these stressful circumstances or by serving on a committee.

Your suggestions are always welcome.

Your financial support is critical in helping us provide quality services to the youth in our community in crisis.

Please consider making a charitable gift.
All funds stay in Jefferson County.

homeless **YOUTH** initiative

Don't just count them... make them count!

Who We Are

We are a group of helping professionals, i.e. high school social workers, counselors, several area churches and many concerned citizens.

This program is designed to help 15 to 20-year olds who are in a homeless status and attend public high school within Jefferson County, Missouri. Participants who receive the HYI college scholarship may continue to receive goods and services until they receive their Associate degree.

Our primary goal is to assist these youth in becoming self-sufficient by providing them with tools and resources they will need to be successful in an independent living situation.

We work through Jefferson County public high schools and depend on their referral before delivering goods or services.

This process allows us to count homeless youth and acknowledge their needs in Jefferson County, Missouri.

What We Do
